DENTISTS WHO CARE

Drs. Michael Fleitz, and Joshua Bullock strive to treat our patients in a comfortable atmosphere, using the latest technologies. We treat each patient and their needs as if they were family. The greatest compliment we can receive is your confidence in referring your friends and family to our office.

Years of dedication and philanthropic service to the Gahanna, New Albany, and Columbus, OH communities is not only reflected in our dental practice, but also in our passion for helping others. We welcome your support of The 12th annual Janet Alexander Memorial Tournament and together with Dr. Tilson who retired this year, we look forward to seeing you on the 21st of July at New Albany Links!

Janet
1958-2009

Janet first found out about Helping Hands in the Garden during one of her treatments at the James. After her initial call with Elaine, she walked around the house for days saying "I feel like I have won the lottery!" She told everyone she knew about HHG and what wonderful work they were doing. She would be thrilled that her name is associated with an event to make people more aware of such a great organization, by the co-workers she loved.

Janet loved the beach, whether it was walking, reading or just relaxing. After moving to Ohio in 95' she made her annual summer pilgrimages out to Cape Cod to see her family. There were years we were concerned if she would ever return home but she always did with a big smile on her face!

THE BENEFICIARIES

Through your generous support and contributions to The Janet Alexander Memorial Golf Tournament, we have raised over \$100,000 since we began.

EMPOWERED TO SUCCEED

Nuhop is The Janet's newest beneficiary.

Nuhop was founded in 1974 as a highly unique residential summer camp, exclusively for children with special needs. Our campers are often defined as neurodiverse and include children diagnosed with learning disabilities, attention deficit-hyperactivity disorder, autism spectrum disorders and behavioral nuances. The stated mission of Nuhop is to "Provide a safe, nurturing, dynamic learning environment where people are empowered to succeed." In fact, the name 'Nuhop' was coined to resemble the way a child with a learning disability would spell 'New Hope'. Nuhop also offers Team-Building and Corporate Development Programs. GREEN THUMBS, WARM HEARTS

Helping Hands in the Garden was a favorite of Janet's and has been a beneficiary since 2011.

Helping Hands in the Garden is a volunteer organization consisting of people who love to play in the 'dirt'. Our focus is providing a way to 'pay it forward' to those battling cancer. Many of our volunteers have battled cancer or know someone dear who has. Founded with the intent to aid cancer patients during their treatment, when the comfort of a living environment will complement their medical treatment and recovery. Removing the stress of worrying about how a beloved garden will be cared for during a difficult treatment course also buoys spirits and aids recovery. Elaine Euwer, Executive Director
