Serving Children with Learning Differences

For Over 40 Years

The Nuhop Center, home of Camp Nuhop, provides a week-long residential summer experience for children with learning differences. Our mission is to create a safe, nurturing, dynamic learning environment where people are empowered to succeed. At Camp Nuhop, children with attention deficit, learning disabilities, high-functioning autism spectrum disorder, mood disorders, and other neurotypical children will find a place where individuality is appreciated. This application is the first step toward a week of adventure, fun, and friendship.

General Consent, Waiver, and Release

Please read completely before signing. The effect is to release The Nuhop Center for Experiential Learning (Nuhop) from any liability resulting from participation in camp activities and waive all claims for damages or losses against Nuhop.

Nuhop is committed to providing a safe recreational experience, both physical and mental. However, the undersigned recognizes the inherent risk of loss, damage, and/or injury, involved when participating in any activity facilitated at or through Nuhop.

In order to participate in activities facilitated at or through Nuhop, this form must be signed by the participant (if over 18 years of age) or the participant's parent or legal guardian. By signing, you acknowledge and assume all associated risks, known and unknown, and agree that Nuhop shall not be held responsible or liable for any damages arising from personal injury sustained by the above named participant.

In addition, you allow Nuhop to transport the above named participant by motor vehicle, including those owned by Nuhop and its staff members. Nuhop and its employees take the utmost precaution to transport clients safely and will not be held liable individually or collectively for any injuries sustained through motor vehicle transportation to or from Nuhop facilities.

PHYSICAL AGREEMENT: I hereby make an application for enrollment of my child in Nuhop subject to the conditions set forth on this.

BEHAVIOR MANAGEMENT POLICY:

Students participating in Nuhop programming present a broad range of behaviors and challenges. Generally speaking, Nuhop uses a multi-tiered approach in dealing with all behaviors at camp. Nuhop is not a treatment program; however, we work to build skills and provide each participant with the opportunity to engage, participate, and grow as an individual. While Nuhop staff are trained in dealing with students exhibiting severe acting out behaviors, we use these methods (i.e. physical restraint) as a last resort and only when the camper is a threat to themselves or others.

Nuhop reserves the right to discharge any camper who is threatening to themselves or others. Grounds for dismissal include, but are not limited to: physical assault or serious threat of assault, possession of weapons or illegal drugs, sexual acting out, suicidal ideation or attempt, major property damage, chronic runaway attempts. Parents will have 8 hours to retrieve their child once notified of discharge.

CONDUCT AND DISCIPLINE POLICY: Camp Nuhop (“Camp”)

Thank you for considering Camp Nuhop for your child. It is our intention to provide your child with a fun, safe, and secure environment. In order to ensure the quality of this program and the safety of all the campers, each participant must follow program expectations. Every parent/guardian is required to read the following information to his/her/their camper and sign and return the conduct Discipline Policy Form to camp. (This must be on file prior to the start of camp).

Campers are encouraged to practice those social skills that will allow them to resolve conflicts and meet their needs without the use of harmful or destructive behaviors. When disciplinary situations occur that require intervention, camp staff will provide the camper with clear explanations as to why a specific behavior is inappropriate. They will then help him/her/them find alternative behaviors that fit within the camp guidelines of appropriate behavior. These guidelines prioritize the safety and well-being of all members of Camp Nuhop.

STAGES OF MANAGEMENT AT CAMP NUHOP

The management procedures at Camp Nuhop are based upon a three-tiered system that begins with self-management of behaviors by the individual camper. It is our hope that the camp activities and events will serve as a self-motivating environment for each camper, making any external control unnecessary. This tier is considered a “universal” management plan for all campers. We consider all campers/students to be Tier One students until behaviors indicating otherwise are observed.

Tier One- Camper Expectations

Be Kind- Being kind to everyone is the first and most important expectation we have at Camp Nuhop. Bullying, fighting, or teasing of any kind is not acceptable.

- 1. Be Truthful-** It is the expectation of all campers to always be honest with each other. Counselors expect this from campers, and campers can expect this from all staff members.
- 2. Show Respect-** We will always show respect to all campers at Camp Nuhop. It is expected that campers will show respect in return and to each other. This includes, but is not limited to refraining from using profanity, not intentionally disrupting programs or activities, and not stealing or damaging Camp Nuhop property or the property of other campers.
- 3. Be Safe-** The woods can be a dangerous place. Please listen and follow all staff directions and guidance as it is designed to keep all members of the Camp Nuhop community safe.
- 4. Be Positive –** Remain positive and supportive throughout the week. Support your friends and encourage them. Be a light to others.

A great deal of time is spent on planning a week at camp that is specifically designed for your student/camper. The staff at Camp Nuhop provide a week of fun activities and events that are designed to engage your student/camper, challenge them, and build their self-esteem. A detailed and well-planned schedule for the entire week will be developed and documented prior to the camper's arrival and leave flexibility to meet your camper's developing needs. This program planning is considered the core of tier one management. Initial programming will focus on building rapport with counselors and the community within the group. We believe that building rapport between campers and counselors is vital in engagement and behavior management. Failsafe activities will also be developed to avoid "dead time" at camp and to maximize engagement as much as possible.

Tier Two- External Guidance and Intervention

Upon the occasion when a camper chooses not to engage appropriately or follow Camp expectations, the following protocol will be followed:

- 1. Warning and reminder of expectations/ "Stop and Think"**- if the camper is able to resume following expectations, the incident and the management moment is over.
- 2. If the camper does not choose to follow expectations after this warning**, he/she/they will be asked to take a break from the group/activity to reflect on appropriate choices. When the camper is ready, a counselor will invite the camper to help determine how to prevent similar situations in the future and how to rejoin their community appropriately.
- 3. If the camper does not choose to follow expectations after this break**, an immediate and reasonable consequence will be given, and a discussion with their counselor(s) will occur. This may include time away from the group, lost time from a preferred activity, or making amends to the community/community members their behavior impacted. A counselor will again invite the camper to help determine how to prevent similar situations in the future, make better choices, how to rejoin their community appropriately, and discuss what supports their counselors can provide to foster success.
- 4. If this type of behavior becomes chronic during the week**, the leadership team will be made aware, and an intervention plan will be developed by the counselors and leadership member(s), with input from the camper when possible, with the goal of maximizing positive engagement, teaching the missing skills necessary for the camper to self-monitor and regulate his/her/their own behavior, and rebuilding damaged relationships. This plan will be documented in the camper's paper file.
- 5. If the camper is unsuccessful in following expectations consistently after the intervention has been tried**, the camper's situation will again be discussed with members of the leadership team and a "modified intervention" will be developed. Continued processing with the camper will occur with all counselors and the leadership team to assist the camper in learning and understanding why these interventions are necessary. These efforts should continue during the week with increasing external control being implemented with each iteration of the intervention. Documentation of behaviors observed and interventions developed will be provided and noted in the camper's file.

It is our goal to provide a fun and safe week at camp for everyone. It is our experience that some campers need a bit more structure and external control placed upon them in order to feel safe enough to engage in camp activities and enjoy themselves. Some campers need less. Counselors and camp staff will try to provide the appropriate level of control or freedom the camper needs to fully engage and have fun at camp.

Tier Three- Physical Crisis Intervention/ Protocol for Removal.

Our main concern is to provide a safe and fun environment at camp and to ensure the care, welfare, and safety of all members of the Nuhop community. Camp staff have been trained and certified by the Crisis Prevention Institute and have been trained in both verbal de-escalation and non-violent crisis intervention techniques.

If a camper demonstrates that his/her/their behavior has become personally threatening or a threat to others, the following procedures will be followed:

1. Utilization of the Non-Violent Crisis Intervention De-Escalation procedures will be utilized in an effort to de-escalate the camper's behavior prior to any physical intervention. Documentation required.
2. If the camper becomes a threat to him/herself/themselves or others, then and only then will camp staff physically intervene with a child. The last resort will be physical intervention and it will only be utilized if the camper is a threat to him/herself/themselves or others. Documentation required.
3. All physical incidents will be resolved by the counselor with the most rapport with the camper, if possible. If the situation is deemed safe for de-briefing, a plan will be developed by staff members as discussed in the tier two steps above. Documentation required.
4. All incidents will be documented by all staff members involved and submitted to the director via a digital incident report. These reports will be stored for future reference.
5. The director or director on duty will directly notify parents or guardians to relay the information to parents regarding the physical intervention. Directors must decide whether or not it is safe for this camper to continue as a camper for the week. In making this decision, the staff involved must consider the care, welfare, and safety of all other campers and staff. The final decision rests with the director or acting director of camp. If a camper who has needed to be physically restrained is allowed to stay at camp, a behavioral plan must be developed and implemented showing how this type of behavior by the camper will be proactively managed and what future consequences will be utilized for the remainder of the session.
6. If a camper cannot safely stay at camp, the camper may be dismissed from camp. Care and safety of everyone are the criteria used for this judgment. If they are dismissed there needs to be documentation and justification for removal. Campers may also be dismissed from camp for violating any camp policies, engaging in sexual conduct, possessing or using illegal drugs, alcohol or tobacco, or misusing prescription drugs. Prorated refunds not available upon dismissal.

REFUND POLICY:

\$150.00 of the \$250.00 deposit and 100% of the credit card fees are non-refundable once the camper is accepted. Full tuition is due by the 4th of June. Should you not make this final payment, your child may be unenrolled from camp. If you register later than the deadline, payment is due two weeks prior to the start date to retain a spot. Cancellations will be refunded **(minus the \$150 of the deposit and any credit card fees)** at the following rate:

100% Refundable or credited **until April 1st, 2021**

75% Refundable or credited **after April 1st and until May 15th, 2021**

50% Refundable or credited **after May 15th and until June 4th, 2021**

Cancellations after June 4, 2021 will not be refunded, but can be credited to a later session or next summer.

In order to receive a refund, you must cancel two weeks before your child is set to arrive at camp.

There is no refund for campers who are discharged early.

BILLING POLICY:

May 10th, 2021: Half of balance due.

June 4th, 2021: Remaining balance due.

If payment is not received, I understand that I forfeit the right for my child to attend camp.

I have read and agree with the above five agreements and policies: General Consent/Waiver/Release, Physical, Behavior Management, Billing and Refund Policy.

I give permission for my child/charge ("child") to be transported in a motor vehicle to an event on the dates indicated. I understand that my child is expected to follow all applicable laws regarding riding in a motor vehicle and is expected to follow the directions provided by the driver and/or other adult counselors.

I have read, understand, and discussed with my child that:

- 1) They will be traveling in a motor vehicle driven by an adult and they are to wear their safety belt while traveling;
- 2) They are expected to respect each other, the vehicles they ride in, and the people they travel with during the trip;
- 3) Riding in a motor vehicle may result in personal injuries or death from wrecks, collisions or acts by riders, other drivers, or objects; and
- 4) They are to remain in their seats and not be disruptive to the driver of the vehicle.

I recognize that by participating in this activity, as with any activity involving motor vehicle transportation, my child may risk personal injury or permanent loss. I hereby attest and verify that I have been advised of the potential risks, that I have full knowledge of the risks involved in this activity, and that I assume any expenses that may be incurred in the event of an accident, illness, or other incapacity, regardless of whether I have authorized such expenses.

As a condition for the transportation received, I, for myself, my child, my executors and assigns, further agree to release and forever discharge Nuhop, its Board of Trustees and their agents, officers, employees and volunteers from any claim that I might have myself or that I could bring on my child's behalf with regard to any damages, demands or actions whatsoever, including those based on negligence, in any manner arising out of this transportation. I have read this entire waiver and permission form, fully understand it, and agree to be legally bound by its terms.
